

PLANNING AHEAD

Progressive Limousin breeders are thinking about tomorrow's needs today. At Grassroots Genetics, we are thinking about you and are here to assist you in making the decisions that will affect you and your herd for years to come. Whether it is to visit about mating decisions, your herd and program or the Limousin business in general, we are as close as a phone call. Put 45 years of experience to work for you—call Grassroots Genetics.
