B-Bar Georgina was the very first Lim-Flex female ever offered for sale from B-Bar's progressive cow herd in Lucky Lake, Saskatchewan. We feel she has tremendous quality both in the flesh and on paper. She is appreciated for her length of body, depth of rib, attractive front end and strong udder development. These embryos are sired by CELL Freedom, a bull that is a product of the successful MAGS Ali x Absolute Style mating that has produced more good ones than we can count.
