## Fellow Cattlemen,

Welcome to the 41st annual Wieczorek Limousin Production Sale. Thank you for your interest in our program and for giving us the opportunity to serve a portion of your seedstock needs. This is something that we consider a privilege and take very seriously.

It's been our long standing goal to make your bull buying experience as stress free as possible. Notice, as you look through the catalog you will see complete performance data, EPDs and percentiles for each lot. Furthermore, we've elected to invest in genomic testing for all our registered sale bulls to further increase the accuracy of the EPD's provided. Note, a more detailed explanation of GE EPD's and the potential realized value they offer can be found on page 15. Additional information that will be available sale day will be adjusted scrotal data and carcass ultrasound information.

From a customer service standpoint, all bulls selling are unconditionally guaranteed for the first breeding season. This includes death, injury and dissatisfaction. We will also keep your purchase until April 1 and then arrange delivery up to 250 miles at absolutely no cost to you. If you live beyond 250 miles, we will work with you in locating a satisfactory central point. Wieczorek Limousin will also provide you the option of paying 1/2 down sale day with the balance due at delivery.

Feel free to stop by the ranch any time prior to the sale to view the bulls. If you have questions about the offering or need assistance with travel arrangements, just pick up the phone and give us a call, we would be happy to assist. Again, we look forward to seeing you at the farm on the 26th.

Sincerely,  
*The Wieczorek Family*

## 2021 Wieczorek Family Update...

Emily was able to leave for Uganda on January 7, 2021. COVID changed her initial plans to be over there last year. She will be the AsOne Ministries Program Coordinator serving to help strengthen the organization's work and schools in Uganda. We are thankful for all of your support, either by giving financially or by praying for her. We would appreciate your continued prayers as she serves the Kingdom of God in Uganda.

Curt & Leanne welcomed their first grandchild! Josie Mae White was born April 9, 2020 to Bradley and Megan. Bradley, Megan and Josie live in Rapid City, SD.

The Wieczorek family continues to grow as Ryan and Danielle were engaged on November 23, 2020, with an August wedding planned. Danielle currently lives in Boise, ID.

Thank you for the outpouring of love and support this past year as we lost Curt's mom, Noreen in July. We miss her daily and cherish the memories.

1/23/2020 • PUREBRED(100/84.9) • WZRK 8017H • RED • HOMO POLLED (P-1) • NPM2288884 • BULL

This red homozygous polled calving ease deluxe is sure to be a crowd favorite sale day. Visually he is heavily structured, level topped, with extra muscle expansion and free moving off both ends of his skeleton. He is sired by WZRK Enuff Time 5027E, the calving ease specialist that ranks in the top 2% of the breed for birth weight, top 1% for calving ease direct and top 1% for gestation. This ROMN Tuff Enuff 103T son is doing exceptional things in our program. His mother is WZRK Fancy 8017F, an exceptional first calf heifer that earned herself a position as a foundation female in our program. Daughter of WZRK Commando 8212C, she presents a well balanced EPD profile that is highlighted by her breed leading maternal traits. Study WZRK Hard Times 8017H numerics to find -1.8 birth weight and -5 gestation both traits rank in the top 10% of the breed. Continue to read his EPDs and find 29 milk, 17 stayability, 16 docility and balanced carcass figures. Bid with confidence on this heifer bull of the highest quality.

## WZRK *Hercules* 5005H

1/21/2020 • LIM-FLEX(75/66.6) • WZRK 5005H • HOMO BLACK (T) • HOMO POLLED (P-1) • LFM2288753 • BULL

Brings the performance and presence that great cattlemen search for. Powerfully built and functionally correct this homozygous black, homozygous polled herd sire prospect boasts an impressive 115 weaning weight ratio and 119 yearling weight ratio. Sired by TNGC Empire 736E, a big numbered high growth TMCK Cash Flow 247C son, notably he ranks in the top 1% for weaning weight and yearling weight. His mother is WZRK Catalina 5005C, a ROMN Tuff Enuff 103T daughter that has outstanding EPDS highlighted with top of the breed growth, maternal traits and ribeye area. WZRK Hercules 5005H is heavy muscled, wide based, has explosive growth, and is sound on the move. He ranks in the top 10% of the breed for weaning weight, yearling weight and ranks in the top 5% for ribeye area. Don't miss this herd sire prospect that will add the pounds and dollars to any operation.

1/24/2020 • PUREBRED(93/83.1) • WZRK 5070H • RED • HOMO POLLED (P-1) • NPM2288765 • BULL

This powerfully built red herd sire prospect has an alluring phenotype. He is stout featured, wide based, and brings added growth, muscle expression and performance. His sire is the popular WULFS Eisenhower 3616E, the high seller at the 2019 Wulf Cattle Opportunity sale. He has been siring heavily muscled, sound and docile progeny everywhere he has been used. His dam is WZRK Cant Touch This 5070C ET, a WZRK Prime Cut 8012Y daughter out of popular donor dam WZRK Miss Nobel Prize6027. She ranks in the top 2% of the breed for mainstream terminal index and ranks in the top 1% of the breed for marbling. WZRK Hickock 5070H ranks in the top 3% of the breed for both weaning weight and yearling weight. He ranks in the top 2% for marbling and total maternal. Plus he is top 1% for carcass weight and mainstream terminal index. WZRK Hickock 5070H is the total package.

## WZRK *Hemi* 7070H

1/23/2020 • LIM-FLEX(75/65.2) • WZRK 7070H • HET BLACK (T) • HET POLLED (T) • LFM2288760 • BULL

This herd sire prospect is an absolute eye catcher. Stout featured, long bodied, wide based and is truly impressive when set into motion. He is sired by the young number giant TNGC Empire 736E, the TMCK Cash Flow 247C son, that has done a tremendous job siring fast growing progeny that present natural thickness and dimension. TNGC Empire 736E ranks in the top 1% for weaning weight, yearling weight, docility and ranks in the top 3% of the breed for mainstream terminal index. His dam is WZRK Ellis Island 7070E, a BAR JZ Wideload 269W daughter that has a -2.4 birth weight and 17 calving ease direct EPD she also has a 1.33 ribeye area EPD. WZRK Hemi 7070H presents a -0.6 birth weight, 14 calving ease, -4 gestation, 64 total maternal, 25 milk, 78 weaning weight, 123 yearling weight and 0.98 ribeye area. All of these traits rank in the top 20% of the breed. Not only is his birth mark unique but also his calving and growth figures.

2/10/2020 • PUREBRED(88/78.3) • WZRK 7019H • RED • HOMO POLLED (P-1) • NPM2288783 • BULL

Here is one that comes to us in a red homozygous polled package and carries that traditional Limousin look that made the breed popular. Visually, this own son of the high-profile A.I sire WULFS Eisenhower 3616E is extra heavy muscled, wide topped, docile and structurally correct. On paper he excels ranking in the top 5% of the breed for weaning weight and yearling weight, top 10% for marbling and top 3% of the breed for mainstream terminal index. His dam is WZRK Evanna 7019E, which is a daughter of WULFS Xclusive 2458X, that has breed topping growth and carcass traits worth studying. Make no mistake and be sure to have WZRK Herd Builder 7019H on your short list on February 26th.

## WZRK *Hometown* 4055H

1/24/2020 • LIM-FLEX(71/62.9) • WZRK 4055H • HET BLACK (T) • HOMO POLLED (P-1) • LFM2288766 • BULL

Big time growth bull, if you're searching for a herd sire prospect that will add pounds look no farther than WZRK Hometown 4055H. He recorded a 667lb 205-day weight that ratio'd a 107 and recorded a 1320 lb 365-day weight that ratio'd a 107. This explosive growth could be predicted due to his performance EPD's, his weaning weight and yearling weight both rank in the top 1% of the breed. He is the son of the popular TMCK Cash Flow 247C, who is known for transmitting fast growing high performing cattle that have exceptional carcass merit. His mother is a ROMN Tuff Enuff 103T daughter that has been an excellent producer. Phenotypically he is heavily muscled, stout featured and functionally correct. This combination of presence and numbers project him to be the type of herd bull that produces well balanced, stout calves' year in and year out.

2/15/2020 • PUREBRED(100/89.5) • WZRK 6048H • RED • HOMO POLLED (P-1) • NPM2288794 • BULL

Well balanced, is the term that best describes this young herd sire prospect. Sired by HUNTS Credentials 37C ET, the proven heifer safe AI sire that improves growth, scrotal, docility, marbling and mainstream terminal index no matter how he is mated. His dam is WZRK Dazzle 6048D, a daughter of WULFS Apostle T343A. WULFS Apostle T343A has created a reputation of making exceptional replacement females. Take note of his mother's well balanced EPD's highlighted by her ribeye area, marbling, carcass weight and mainstream terminal index all ranking in the top 20% or better of the breed. Numerically WZRK Headliner 6048H ranks in the top 1% for milk, top 4% for total maternal, top 10% mainstream terminal index and top 3% for marbling. Add this homozygous polled sire to your bull pen to create highly sellable calves and elite replacements.

2/17/2020 • PUREBRED(100/88.9) • WZRK 5024H • RED • HOMO POLLED (T) • NPM2288802 • BULL

This bull is an absolute stand out in the offering. Heavily muscled, rugged designed, big bodied and sound on the move. Sired by WZRK Excellente 1063E, a son of WULFS Xclusive 2458X that was a high seller in our 2018 sale that sold to Wulf Cattle, who has been siring thick made and functionally correct progeny. His dam is WZRK Cotton Candy 5024C, another highly productive and maternal WULFS Apostle T343A daughter. WZRK Heavy Metal 5024H weaned a 205-day weight of 706 lbs to ratio a 113. Study his well-balanced EPD profile to find breed leading growth, maternal and carcass traits, highlighted by his top 15% mainstream terminal index and top 1% ribeye area. This homozygous polled purebred is going to do big things for the winning bidder. Make that be you.

2/19/2020 • PUREBRED(89/81.3) • WZRK 3008H • RED • HOMO POLLED (T) • NPM2288805 • BULL

If heavy weight calves are what trips your trigger take a look at this homozygous polled, big middled, rugged designed, high growth herd sire prospect sale day. He weaned a 205-day weight of 794 lbs to ratio an impressive 127. This performance will be transmitted to his calves when you study his 79 weaning weight EPD that ranks in the top 4%, 111 yearling weight that ranks in the top 15% and his 1.54 ribeye area that is in the top 2% of the breed. WZRK Hunk 3008H not only adds terminal value but also brings a 32 milk, 72 total maternal and 1.55 scrotal, all three traits rank in the top 1% of the breed. We think this red hided purebred does a lot right.

WULFS ULTRA DIAMOND 8571U  
MAGS KABOOM  
WZRK MISS P PIRATE 761E

This herd sire prospect brings the pounds. Here is a big, stout, wide made, rugged designed, purebred that comes to us in a heavy weight homozygous polled black hided package. He is sired by the popular WULFS Eisenhower 3616E. His dam is WZRK Daphney 6019D, yet another highly productive and maternal WULFS Apostle T343A daughter. On paper WZRK Home Grown 6019H has exceptional growth and carcass traits, as well as breed leading maternal traits. Make sure he is on your short list February 26th.

**GE-EPDs**  
North American Limousin Foundation

The

# WZBK Program

**Financing Program - 50% down at the time of purchase, balance due on delivery**

**All bulls are 100% unconditionally guaranteed**

**Sight unseen purchase program**

**Free wintering until April 1, 2021**

**Free delivery to central points**

**All bulls will be ultrasounded and carry GE-EPDs by sale day**

- **Sight unseen purchase program - *Contact Wieczorek Limousin direct or any member of the sale staff to discuss your needs and every effort will be made to describe the bulls accurately. If you get the bull and don't like him, you don't own him.***

## **GE-EPDs** North American Limousin Foundation

### **Improving Selection through NALF Genomic-Enhanced EPDs (GE-EPDs)**

Limousin breeders and their commercial customers benefit greatly from new breeding and selection tools. The North American Limousin Foundation (NALF) launched genomic-enhanced EPDs (GE-EPDs) with the fall 2015 international cattle evaluation. This provides GE-EPDs for all Limousin and Lim-Flex animals that have completed DNA testing for genomic profiles.

The information from the genomic data can be as informative as a bull's first calf crop or a cow's lifetime production record. Since genomic data is incorporated directly into the EPDs, cattle producers will not have to learn how to interpret new data.

For more information, visit [www.NALF.org](http://www.NALF.org) or call 303-220-1693.

### **Major Benefits of GE EPDs**

- Risk Reduction through improved accuracies
- Value of time to assess breeding stock at a younger age
- Increased rate of genetic progress
- Getting data on economically important traits, which are expensive or difficult to measure
- Combination of pedigree information, individual performance data, and genomics into one easy to understand number

Verlin and Duane Winkler, Winkler Brothers of Wagner, South Dakota, were selected as the 2021 South Dakota Limousin Association "Commercial Producer of the Year". The award was presented Thursday, February 4 at the South Dakota annual meeting and banquet. The event took place at the Ramkota Hotel in Rapid City, South Dakota, in conjunction with the Black Hills Stock Show.

The Winkler's operate a diversified livestock and cropping operation from the area east of Wagner northwest to Delmont. The cattle operation consists of approximately 200 Red Angus cows that are bred to Limousin bulls with the calves all marketed annually. They do not keep heifers back as they feel that for their operation and management situation, it works better to source bred replacements

and maintain a terminal cross. This allows them to focus their bull selection towards growth and carcass merit to maximize the potential of the F1 cross calves they are producing.

They spend hours studying the sale catalog data considering performance, ultrasound data, and EPD's prior to viewing the bulls, developing a short list of candidates from which to make their selections from. Only then do they consider the phenotype of each animal on that list to narrow down the list to their final selections. Seldom, if ever, is their purchasing decision driven by the price because the bulls they purchase usually top the sales.

The Winkler Brothers have been supporting Limousin seedstock operations in the region for more than 40 years and continue to purchase a few new prospects each year. They bought bulls on the first sale held by Wieczorek Limousin of Mount Vernon, South Dakota, back in 1980 and have made additional selections nearly every year since then. They have also purchased some of the high-selling bulls at the Peterson L7 Bar Limousin sales near Pukwana, South Dakota.

They were nominated for this prestigious award because of their longtime support of the Limousin breed and their unwavering commitment to producing the best possible product.

Congratulations to Verlin and Kathy, and Duane and JoAnn Winkler

*"We calve late March through April. The calves average 600-700 pounds when we sell in November. The Limousin and Lim-Flex® females calve easy, are gentle, and highly fertile to breed back right away. Plus they remain productive in our herd. We think they are the way to go."*

— Charlie Carnahan, rancher, Kiowa, Colorado

**Limousin and Lim-Flex® (Limousin x Angus hybrid) deliver to your bottom line.**

/ Calving ease & calf vigor

/ More pounds to sell at weaning

/ Feed efficiency

/ Tested & proven docility

/ Cow & bull longevity

/ Carcass merit

To find out more about how you can profit tomorrow with Limousin or Lim-Flex® bulls and females, visit [www.NALF.org](http://www.NALF.org).

## 18 Month Old Bulls

We are proud of this small sub-group of our sale offering. Offered on the 26th is a stout set of well-developed 18-month-old bulls for your appreciated appraisal.

Rest assured, these are not the “leftovers” or the “picked-throughs.” They were bulls too young to sell last spring. Note, these older bulls represent many of the same cow families and sire groups as our spring bulls. We developed these bulls with longevity in mind and as such, feel comfortable that they will hold up under tough conditions while providing years of trouble-free service. Furthermore, they may just be the strongest and most powerful set of aged bulls we have ever offered, and we hope you agree. As always, we welcome your questions and concerns, and should a problem arise when you get your bulls home, we hope we will be the first call you make.

# Reference Sires

The importance of quality herd bulls, be it in a commercial or seedstock operation, cannot be stressed enough. Herd bull decisions made today influence your program, either positively or negatively, for years to come through daughters retained in the herd. At Wieczorek Limousin we have always believed in having the absolute best bull power available in the industry. As such, we have invested heavily over the years to ensure only the best sires walk behind our progressive AI and embryo program. As you study the bulls offered for sale in this catalog, and as you look over the reference sire listing on the following pages, you will notice the positive influence bulls owned by Wieczorek or bulls carrying the WZRK prefix, are currently having on our program. By becoming a customer of Wieczorek Limousin, you are not simply buying a new herd bull, you are buying into our philosophy of continuously striving to improve the sire side of the breeding equation.

# Faith ~ Family ~ Friends

Wieczorek Limousin is a fourth-generation operation located in southeastern South Dakota. Our main headquarters is located on the original tract of land homesteaded in 1882 by ancestors who immigrated here from Germany. While the original sod house no longer exists, the values that the first generation instilled still do – Faith, Family, and work ethic.

We have utilized artificial insemination since 1968 to advance the quality of our cow herd. In 1972, we expanded our existing multi-breed herd with Limousin sires, such as Dandy, Éclair, and Prince Pompadour. The ease of calving coupled with the calf vigor and muscularity from those first matings sold us on the breed. From that point forward, we switched exclusively to Limousin on the entire herd and began to build the PB herd that currently grazes our pastures.

Our inaugural bull sale was hosted in 1981. To that end, one of the things we are most proud of is to have several customers that bought bulls at that first sale that are still purchasing WZRK genetics today. Over the years, many of our loyal bull buyers have become lifelong friends, and that's something that makes us truly feel blessed. We take the people side of the business very seriously and never for granted, that's why making sure customers are satisfied has always been our number one goal.

# Thank You!

*For Blessing us with 41  
Exceptional Years!*

We appreciate your support and interest in our breeding program. We take the people side of the business very seriously and never for granted, that's why producing a quality product and making sure our customers are satisfied has always been top priority. Simply put, your attendance and participation in our sale event has humbled us, and we wish you many successes with your purchases.

Thank you for taking time to view the catalog and allowing us the opportunity to earn your business.

**Sight-Unseen Purchase Program...** If you're unable to attend you tell us what you're looking for, we'll do our best to meet those needs, and if you're not satisfied when you get your bull(s), you don't own them!
