SCHEDULE

MONDAY, APRIL 4, 2022

All day viewing of cattle

TUESDAY, APRIL 5, 2022

11:30 a.m. – Lunch

1:00 p.m. – Coleman Limousin Ranch
44th Annual Bull Sale

Dear Fellow Cattlemen,

All of us at Coleman Limousin Ranch welcome you to our 44th Annual Bull Sale. Thank you very much for your interest, your support and your confidence in our program. The past year has been challenging for all of us and it has really shown us just how important agriculture is to our country.

Our 2022 sale offering is just as powerful and consistent as in previous years. The bulls in this offering are sired by proven AI sires. Our cowherd is backed by generations of proven genetics. The bulls are fed a high roughage diet with enough energy to let their genetics express themselves. A nice benefit to our customers is our large sire groups, giving them a consistent set of bulls to choose from. The Limousin and Lim-Flex bulls in this sale offering are exceptional for performance and carcass traits.

We are excited to offer 11 sons of our 2 proven donor cows COLE Beauty 276Z and COLE Miss X-Rated 354A. We will also be offering the first bulls from COLE Genesis 86G. Genesis was the top seller in our 2020 production sale. The 28 bulls in our sale sired by Genesis had a very impressive 115 average IMF ratio.

The bulls have been semen tested, ultrasound scanned, and have complete performance records and EPDs. The bulls sell with a first season breeding guarantee (please see page 2 for more details). We offer free nationwide delivery except states East of the Mississippi River. Bulls that are picked up on sale day will receive a \$100 per head discount. Bulls going to NV, UT and WY will be ready for delivery approximately five days after the sale, when Trich testing is completed.

The sale will be broadcast live by DV Auction. You can watch it on the internet and bid with DV Auction's "real time" internet bidding services. Videos of the bulls will be posted to our website around mid-March.

Plan to be with us for the sale event. We invite you to enjoy a tri-tip roast beef lunch on sale day starting at 11:30 am.

We hope this catalog's information will be helpful. Give us a call if we can be of further assistance to you. We look forward to having you with us April 5.

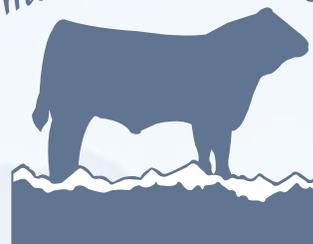

Sincerely,
Coleman Limousin Ranch
Larry & Anita

COLE

Our story began in 1970 when Limousin were brand new to North America. Muscle and efficiency is what drew us to the breed and what keeps us here today. Many have heard of the sire COLE First Down. He helped put the COLE prefix on the map.

Today our 4 Elite Focus Dams and 16 Focus Dams form the foundation of a strong cow base. These momma cows do their job by raising powerful bulls our customers demand and by replenishing our replacement pens.

Our family enjoys raising Limousin and Lim-Flex cattle. We've had a front-row seat in being a part of this breed's growth and our passion is as strong as ever. We look forward to another 50 years.

GENERAL SALE INFORMATION

TIME AND LOCATION: 1:00 p.m. Tuesday, April 5, 2022 The sale will be held at the Five Valleys Livestock, Missoula, Montana.

TRANSPORTATION: Commercial as well as private aircraft service is available to the area. Rental cars are available at the airport, or with advance notice your plane can be met at the airport.

TELEPHONE: Calls may be placed directly to the sale site by calling (406) 728-3052.

TERMS: Terms of the sale are cash, unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately after the conclusion of the auction.

HEALTH: All cattle will be tested for Brucellosis within thirty (30) days of the sale. Health certificates will be provided with each lot sold.

DELIVERY: Free nationwide delivery to any central U.S. points. Bulls selling to states east of the Mississippi River will be charged \$500 per head. In some cases, this may require additional transportation by the buyer from a central location to their ranch. Every effort will be made to deliver to the buyer's ranch or to a convenient location as close to the buyer's ranch as possible. Buyers who do their own hauling will receive a \$100 per head credit.

FIRST BREEDING SEASON GUARANTEE: All bulls, 12 months of age and over at the time of sale, are guaranteed breeders. A bull is determined a breeder when he settles one or more females and/or passes a satisfactory semen test. Certificates of a satisfactory semen test will be provided at sale time for all bulls. In the first year, if a problem occurs with a bull, we will give you a suitable replacement or you will receive full credit minus the salvage value of the original bull toward another purchase in next year's sale. Please notify the seller of the bull as soon as possible if a bull is injured. This guarantee is a contract between the buyer and seller. All other parties are acting as agents or representatives only.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither owner nor sale manager can be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

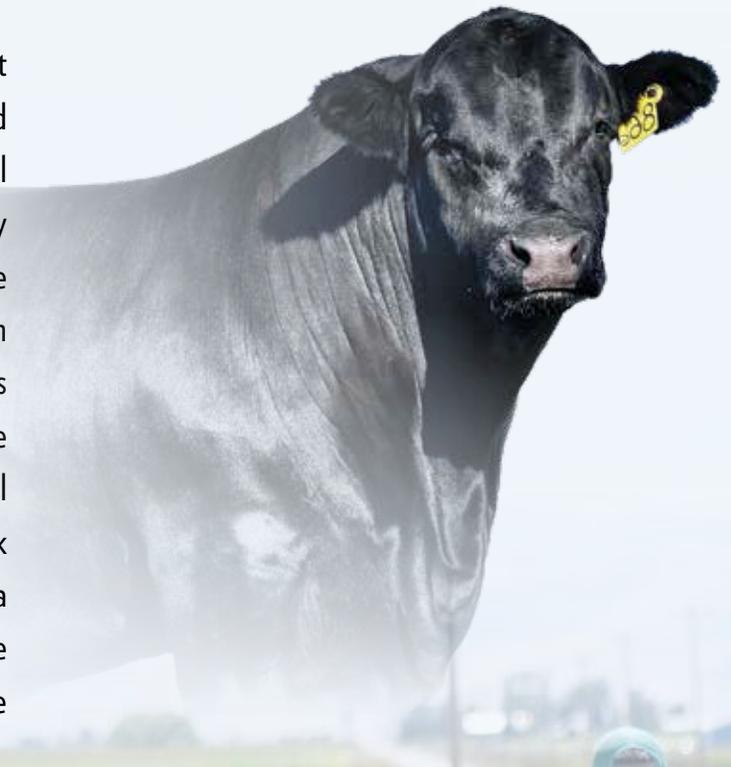

ANNOUNCEMENTS: Announcements made sale day take precedence over printed material in catalog. EPDs current as of 3/3/22.

RETAINED INTEREST: Selling full possession and one-half semen interest on all bulls in this offering.

The 2022

BULL OFFERING

This year's group of bulls is both powerful and consistent in terms of phenotype, pedigree, actual performance and EPDs. The bulls are sired by industry leading AI sires, as well as members of our top-notch bull battery. What's more, they are backed by generations of predictability on the dam side of their pedigree. Rest assured every step has been taken to assure you, our buyers, that these bulls will perform as expected. They have been culled judiciously, with all of the necessary data collection documented along the way. We feel these bulls are right for the times and offer both our seedstock and commercial customers genetics capable of excelling in a variety of marketing scenarios. It will be our pleasure to serve as your genetic source not only this year, but long into the future as well.

What an exceptional way to lead off this impressive offering! COLE Jackpot 38J combines a notable pedigree, a balanced EPD profile and eye-catching phenotype. He is a full brother to last year's lead lot and high seller, COLE Homerun 51H, who was

purchased by Linhart Limousin for \$40,000. His sire, CELL Envision 7023E has proven to transmit progeny that pair big data with stand-out phenotypes. CELL Envision 7023E is deceased but his legacy continues by siring calves that sort to the top of many astute breeding programs across the country and have captured the attention of the best cattlemen. His donor dam is COLE Miss Xrated 354A who has an impressive resume producing three other maternal brothers who are both notable AI sires and past sale highlights, COLE Cadillac 05C, COLE Genesis 86G and COLE Homerun 51H. On paper COLE Jackpot 38J has numbers worth studying. Take note of his breed leading weaning weight and yearling weight, both traits rank in the top 2%. He also ranks in the top 2% for total maternal, top 20% for scrotal, top 15% for stayability, top 10% for carcass weight, top 10% for ribeye, top 30% for marbling and top 10% for mainstream terminal index. Aside from his numerical advantages, phenotypically he is heavily structured, big-bodied and level topped, with extra muscle expression while being free moving off both ends of his skeleton. What's more, he is homozygous black and homozygous polled. Don't miss out on your chance to own this remarkable individual that will predictably advance your breeding program to new heights.

This herd sire prospect will add performance and carcass advantages to any herd he is applied to. He is stout featured and ruggedly designed. He is sired by the extremely popular CELL Envision 7023E AI sire whose progeny have been topping sales across North America. His dam is our prolific COLE Miss Xrated 354A donor female. On paper, he ranks in the top 5% for both weaning weight and yearling weight paired with high rankings in numerous industry-relevant traits. He has everything completely stacked in his favor.

These two full brothers are as impressive as any in the offering and are sure to add a lot of value to your next calf crop. You will be impressed sale day by their muscle expression, clean lines and center capacity. They are sired by AHCC Earning Power 900E, the popular MAGS Anchor son who effectively transmits growth and marbling. Their dam, COLE Beauty 276Z, is one of the most prolific and influential females we have ever had in our program. These two homozygous polled, purebred brothers are a great example of her exceptional producing ability. Numerically they present exceptional growth paired with top of the breed scrotal circumference, marbling and mainstream terminal index. Study their actual performance and you will see it validates their impressive EPD profiles. From every angle and vantage point, COLE Joystick and COLE Jolt are packed full of the traits serious cattlemen both appreciate and demand. Bid with confidence, these herd sire prospects do a lot right and are destined to write their own pages of Limousin history.

Moderate birth weight, paired with excellent carcass quality. COLE Envision 77J is a really impressive herd sire prospect that deserves some serious consideration. On paper he comes with a -0.6 birth weight, top 15% for marbling and top 10% for mainstream terminal index. This bull excels visually, numerically and genetically.

This herd sire's pedigree does all the talking needed. He is sired by the great CELL Envision 7023E. Very few sires elevate themselves to the status of Envision. Sadly, Envision is now deceased with limited semen availability. This bull is out of a beautiful patterned AHCC Xpense Account X516 daughter. Visually, COLE Envision 70J is deep ribbed, long backed and level topped. This sire is homozygous polled, homozygous black. Don't pass him by sale day.

This herd sire prospect is an absolute eye catcher. Stout featured, long bodied, wide based and truly impressive when set into motion. He is sired by the \$40,000 top-selling bull in our 2020 bull sale, COLE Genesis 86G. This bull's dam is a daughter of the popular CELL Envision 7023E, who has an excellent of EPDs and was perfectly paired with COLE Genesis 86G. On paper COLE Genesis 01J comes with a moderate birth weight that ranks in the top 20%, top 10% weaning weight, top 20% yearling weight, top 2% milk and top 1% docility. It is hard to find a bull that pairs low birth weight with good growth. This bull does just that.

Check out this fresh pedigreed Lim-Flex! He is sired by the popular Angus AI sire Coleman Bravo 6313 who makes them the right way—big middled, wide-based and stout. His dam is a highly productive COLE Toolbox 89T daughter. Be sure to highlight his weaning weight and yearling weight EPDs; both traits rank in the top 25%. He is double homozygous and ready to go to work for you.

This red Lim-Flex herd sire prospect is sure to be a crowd favorite sale day. Visually he is heavily structured and level topped with extra muscle expression while being free moving off both ends of his skeleton. He is a son of WZRK Game Changer 4015G, a bull we purchased from Wieczorek Limousin for \$15,250. His dam is a maternal patterned Coleman Bravo 6313 daughter. On paper, he presents a moderate birth weight figure of -0.4. Bid with confidence.

Study this attractive made homozygous polled, red herd sire prospect that combines look, softness, athleticism and muscle expression. Take note that he is a three quarter brother to lot 53. He is a son of our \$15,250 purchase from the 2020 Wieczorek Limousin Bull Sale, WZRK Game Changer 4015G. His daughters will be destined for the keeper pen.

If you are looking to add pounds, this purebred needs to be at the top of your list! He ranks in the top 3% for both weaning weight and yearling weight. Sired by the popular AI sire AHCC Earning Power 900E, who effectively transmits growth and marbling. His dam is a daughter of MRL X-rated 014X. It will be challenging not to bid on this guy when he enters the ring!

"We have used Limousin for 30-plus years. They run at high elevation on our western slope ranch in Colorado with little or no problems with PAP. They adapt very well to our SW Nebraska operation when taken there. We retain our calves to finish when the market is right and have seen dressing percentages up to 67% with 75-85% Choice carcasses. We like the longevity of the females as they stay in the herd a long time and have excellent udders."

*—Frank & Shelia Daley

"We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity."

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

A dozen Coleman registered Limousin and Lim-Flex heifers sold in 2019 through Tyson Meats in Pasco, Washington. **Note** that 92% graded Choice with every animal turning in a Yield Grade 1 or 2 carcass. These results are proof positive that Coleman genetics have the proven ability to grow, grade and yield. A profitable combination indeed.

REFERENCE DAMS

COLE Beauty 276Z is the epitome of a donor. A donor and descendant of the storied COLE Miss Katymay 9105W, this long lineage of donors is proof of this maternal bloodline's greatness. COLE Beauty 276Z has achieved her spot as one of the Limousin breed's all-time great donors with 80 total registered progeny at NALF—her influence not only in our program but the entire Limousin breed is rooted deep. She has been matched with a variety of the Limousin and Angus breed's most popular sires with impressive results including unmatched uniformity. What's more, she is among the breed's elite in both Marbling and Mainstream Terminal Index with rankings in the top 1%. Study the seven sons or hers selling in this year's offering and decide which one best fits your operations. Now that she is deceased, the opportunities to obtain her elite genetics will be increasingly rare.

Sons selling: Lots 5, 6, 7, 8, 9, 25 & 26.

COLE MISS XRATED 354A

COLE MISS ZAM 6112D

COLE GENESIS 86G

From the day he was born COLE Genesis 86G has impressed. And now that he is an established, prominent AI sire, all of those high expectations have become a reality. Genesis combines a notable pedigree, a balanced EPD profile and eye catching phenotype. His sire, HUNT Credentials 37C ET, has proven to transmit progeny that pairs big data with stand out phenotypes. His donor dam is COLE Miss Xrated 354A who has an impressive resume producing two other maternal brothers who are both notable AI sires and past sale highlights, COLE Cadillac 05C and COLE Homerun 51H ET. On paper Genesis has numbers worth studying—take note of his breed leading EPDs for 11 economically important traits. Aside from his numerical advantages, phenotypically he is heavily structured, big bodied and level topped, with extra muscle expression while being free moving off both ends of his skeleton. What's more he is homozygous polled and a Purebred. This remarkable individual can predictably advance your breeding program to new heights. Owned with Symens Brothers.

The 28 bulls in our sale sired by Genesis had a very impressive 115 average IMF ratio.
