

**BRUNER
LIMOUSIN
40TH ANNUAL
GENETIC POWER
BULL SALE**

**MARCH 26, 2022
MADISON LIVESTOCK SALES
MADISON, SD**

WELCOME TO
GENETIC POWER 40
THANK YOU FOR YOUR
INTEREST IN THE BULLS AND
THE PROGRAM WE HAVE
SPENT NEARLY 50 YEARS
CREATING.
MARCH 26, 2022
1:00 P.M.

**MADISON LIVESTOCK
SALES CO. INC.**

1209 E. CENTER
MADISON, SD

SALE DAY PHONE:
605-256-9156

ALL BULLS SOLD WITH A ONE
BREEDING SEASON GUARANTEE.

DELIVERY CAN BE ARRANGED IF YOU
CANNOT TAKE THE BULL HOME ON
SALE DAY.

BULLS LISTED BY BIRTHDAY.

Ranks highlighted in **YELLOW** are in the
Top 10% or better of the breed for that
EPD.

Weights listed are Actual Birthweights,
Adjusted 205 day weight, and actual
weight on March 12, 2022. Scrotal
measurements were taken the first week
of March. Average Daily Gain is from
October 15, 2021 to March 12, 2022.

Announcements from the Block take
precedent over information in the catalog.

NOTES FROM E. JOHN

To all my friends and customers,

Welcome to the 40th Genetic Power Limousin Sale. I am complimented by your interest in our program and the confidence our repeat buyers have shown. Some families have been using our bulls for over forty years, and other families have three generations purchasing our bulls.

I responded to one of our repeat customers that this year's offering was the best ever. He told me I say that every year. I am selling you genetics, so I checked out a 2016 sale bill just six years ago.

The average EPDs on the offering in 2016 for birth weight was 1.5. In 2022 it is 1.26. The average yearling weight in 2016 was 90; today, it is 126. In a nutshell, we have kept birth weights constant while genetics for growth have increased substantially. In addition, ribeye and marbling have both improved.

You can pay more elsewhere, but nowhere else will you be able to buy the performance genetics in this year's offering.

We feel you can buy with confidence. The bulls in this year's offering are the cream of our crop and the cream of the Limousin breed.

Thank you for your interest. If you have any questions or concerns, feel free to contact me.

E. John Bruner for the family of Bruner Limousin

The most important tool in my breeding program, the scale I take birth weights with for nearly 50 years. (Calving Season Scale)

When I started this breeding program in 1973 there were no curve bender or spread genetic bulls. I was told by all but one person it couldn't be done. (The exception was Jim Easland). I was told you use Angus on your heifers and Charolais on your cows. I didn't know it couldn't be done, so we did it anyway.

One of the first such bulls was Master BRUN 279K. The first Limousin bull to be a trait leader for BW, WW, and YW at the same time. A second, even better example was Master BRUN Yankee 225X. Both bulls genetics were exported to 5 continents. Today we still offer some of the best in acceptable birth weights. combined with high growth potential.
