Limousin Enthusiasts,

Welcome to the 2023 edition of the Heart Of Missouri Sale, October 14 at Sand Spring Resort in Lebanon, Missouri.

It is my pleasure to be associated with this fine group of Limousin seedstock producers in Missouri and surrounding states. This portion of Missouri has long been a hotbed for outstanding Limousin genetics, and we feel this offering represents the dedication of breeders in this area to propagate exception Limousin cattle.

As a team, we have worked hard to assemble an outstanding assortment of Fullblood, Purebred and Lim-Flex genetics for the most discerning cattleman. As you study this catalog, you will find some of the most unique and diverse genetics available within the breed.

If we can be of any assistance, please don't hesitate to contact us.

Sincerely,

MC Marketing Management Kiley McKinna - 402.350.3447

Wiley Fanta - 320.287.0751

#### Fellow Breeders.

It is with pride and enthusiasm I invite you to the annual fall edition of the Heart of Missouri Sale. Over the years, this event has become known as a solid source of Fullblood, Purebred and Lim-Flex genetics from Missouri and surrounding states.

The membership of our organization have gone to great lengths to bring you the kind of cattle they would rather keep. Whether you are searching for females, bulls or genetic opportunities, we believe this year's offering offers something for everyone.

We ask you to come early and participate in the variety of events surrounding this sale. Regardless of which state you reside, you are most welcome be a part of our organization.

We hope to see you October 14. If you should have any questions or comments regarding the offering itself or any of the events surrounding it, feel free to contact me or any of my fellow board members.

Sincerely, Josh Glendenning, HMLA President 417.664.0913

This cow is nine years of age and still working. A daughter is working in the Anderson herd in Pennsylvania. Sons are working across Ontario and doing a great job. Her 2022 son is homozygous polled (outcross genetics) and will be available later this year. Here is an opportunity to acquire the homozygous polled genetics the purebred industry is looking for. The sire of Lot 42A has an impressive history with multiple high-selling progeny. He is homozygous polled, red and 89% Purebred. The sire of Lot 42B is a staple sire at Posthaven Limousin because of his impressive phenotype and balanced set of numbers.

Posthaven P Autumn is a proven cow with a good track record—marketed this year at 10 years of age. Longevity at its best, her dam was in our herd until 16 years of age. She has one daughter working in Ohio and three daughters in our herd. Her sons are sought after as soon as they become available. Resulting calves are guaranteed homozygous polled and should be very marketable. The sire of the Lot 43A is a 100% Purebed, red, homozygous polled bull with an extreme amount of power and mass to back a balanced set of numbers. The sire of Lot 43B is Posthaven Polled Yellowstone, a homozygous polled, red, 100% Purebred Limousin who has done nothing but continuously have a positive impact on our herd.

This double homozygous, 60% Lim-Flex brings immense opportunity to the table. He is a young herd sire prospect that is without a doubt one you'll want to mark on your catalog sale day. He combines his heaviness of bone, massive foot size and his fluidity of movement. We admire this guy's strength down his top, levelness of hip and overall masculine build. He is sure to be influential in your program.
