

# Double Down

We have doubled down on our efforts to bring you the freshest and most exciting genetics we have to offer. We are pleased to be a part of these two NEW sales and look forward to sharing the genetic production of our esteemed donor with you.

## **AUTO** *Adorie* 439A

We made Adorie a top-selling lot in a past Pinegar sale because of her soundness, square hip, huge middle and overall attractiveness. The fact she is out of one of the breed's most successful donors, AUTO Rebeca 292S, was the bow on top of the prize. We expect the progeny from these two matings to write their own chapters in Lim-Flex history book.
