DC: 10 MB: .14 \$MTI: 55

KLS Farms is proud to offer these four embryos by Silveiras Style and out of AUTO Fedora. They will be 50% Lim-Flex, double polled and homozygous black. Silveiras Style's presence in the industry as a maternal giant is one for the record books as he has sired more Grand and Reserve Champion show females than any other bull in modern history. AUTO Fedora is the \$30,000-valued TMCK Durham Wheat daughter from the famed WLR Prada female. The potential in this mating will blow your mind as the resulting offspring will have extreme value. This exciting opportunity is only available through the Sale of Sales.
