WFL Hennessy 011H has a pedigree that is proven to produce winners in the show ring and champions in the pasture. His dam goes by many names: "The Ratliff Heifer," Larissa or Charmed. Whatever you want to call her, she has proven that good genetics make great individuals and she has a slew of offspring to validate that statement. Hennessy's sire is the deceased Bunk House bull who has amazing progeny of his own. This mating has worked well in Hennessy and we think you'll agree. Lots of grow, milk and ribeye here!
