Semen \$40 through Grassroots Genetics 515-229-5227.

His dam is pictured in production at 9 years old. His grandam produced in our herd until she was 21 years old. Think about the value of infusing that kind of longevity into your herd. It is rare to find a bull that does so many things right. Study his phenotype, structural correctness and EPD profile. Whether you are looking for a bull to use on heifers or mature cows, this young sire is the TOTAL PACKAGE. Order Semen Today.
