Here is an opportunity that doesn't come along often. The ability to get in on the ground floor of a red, Purebred that's homozygous polled and comes to us in an outcross pedigreed package. This lot is brought to us by the esteemed Wulf Cattle program and progressive Beach Family Limousin firm. Wulfs Fifty T804F was just recently appraised at the Canadian National Sale for a staggering \$65,000 valuation. What's more, the reserve Canadian National Champion and lead bull in the 2019 National Western Stock Show Wulf pen of bulls has been widely admired for his natural thickness, structural integrity and unique birth to yearling spread. Numerically, take note he ranks in the top 25% or better for calving ease, weaning, yearling, calving ease maternal, scrotal, rib-eye and mainstream terminal index. Don't let this opportunity pass you by. This is your lone opportunity to invest in this elite A.I. sire. Contact any member of the sale team today to get placed on the list.

Simply put, if you're looking for a double homozygous herd sire that carries a combination of calving ease and breed leading growth, this is one to circle in your catalog. Visually, he is well balanced, deep sided, square hiped and stout featured. On paper, notice he ranks in the top 30% of the breed or better for calving ease, weaning weight, yearling weight, scrotal, carcass weight, marbling and mainstream terminal index. Take it a step further, notice he combines a 64-pound birth weight, nearly 73 pounds of weaning, more than 1,270 pounds of yearling and an impressive IMF figure of 3.3. Tie into this one sale day.

*This is such an exceptional Lim-Flex bull that has a pedigree of gold. LVLS 2F is a super deep bodied, heavy muscled bull with unbelievable style, balance and excellent flexibility when he gets out and goes. He's out of the tremendous young herd sire, RLBH Air Force One and from the great donor female, PBRS Audrey 346A. PBRS Audrey 346A is the dam of the ELCX Candy female that was a past supreme champion female of the All-American Limousin Futurity and is now deceased. LVLS 2F comes in a homozygous black, double polled package that is sure to add profitability to your bottom line.*

If weaning weight, yearling weight and maternal efficiency leads your priority list, this thick-ended, double homozygous son of CELL Envision will take you exactly where you want to go. Visually, Glacier is good footed, big scrotaled, heavy muscled and extra high performing. On paper he's second to none - he posts more than 740 lbs of adjusted weaning weight and ranks in the top 2% for weaning and yearling. Plus, he ranks in the top 2% for total maternal. Also note, he charts a top 15% rib-eye EPD to go along with his growth advantages. No doubt about it, Glacier is a herd sire prospect that promises to sire heavy weight calves that are real-world functional.

Stop the bus and hold the phone, here's a PUREBRED that's homozygous black, fresh pedigreed and an outcross to many of today's most popular lineages. To the eye, he's bold ribbed, thick-ended and projects to sire calves with a ton of natural muscle shape. On paper, he is highlighted by these three economically important traits - calving ease, weaning weight, yearling weight and milk, which all rank in the top 25% of the entire breed or better. Bid with confidence on this exceptional son by AUTO Lucky Guy.

ROMN FLOYD MUDHENKEY 101F  
 Paternal Sibling
