Dear Fellow Cattlemen,

All of us at Coleman Limousin Ranch welcome you to our 42nd Bull Sale. Thank you very much for your interest, support and confidence in our program.

Our 2020 sale offering is powerful and consistent with that of previous years. The bulls in this offering are sired by proven AI sires. Our cowherd is backed by generations of proven genetics. We currently have four Elite Focus Dams and 16 Focus Dams. Special sale feature are our 2020 National Western Pen Champion bulls. Several outstanding bulls are in this group. These bulls are fed a high roughage diet with enough energy to let their genetics express themselves.

The bulls have been semen tested, ultrasound scanned, and have complete performance records and EPDs. The bulls sell with a first season breeding guarantee. We offer free nationwide delivery. Bulls that are picked up sale day receive a \$100 per head discount. All bulls are tested and confirmed BVD-PI free. Bulls going to NV, UT and WY, will be ready for delivery approximately five days after the sale, once Trich testing is completed.

The sale will be broadcast live by DVAuction. You can watch it on the internet and bid with DV Auction's "real time" internet bidding services. Videos of the bulls will be posted to our website about mid-March.

Plan to be with us for the sale event. Dinner will be served Monday evening, April 6 at the Five Valleys Livestock, and there will be a tri-tip roast beef lunch preceding Tuesday's sale.

We hope this catalog's information will be helpful. Give us a call if we can be of further assistance to you. We look forward to having you with us April 7.

Sincerely,

Coleman Limousin Ranch

COLE

Our story began in 1970 when Limousin were brand new to North America. Muscle and efficiency is what drew us to the breed and what keeps us here today. Many have heard of the sire COLE First Down. He helped put the COLE prefix on the map.

Today our 4 Elite Focus Dams and 16 Focus Dams form the foundation of a strong cow base. These momma cows do their job by raising powerful bulls our customers demand and by replenishing our replacement pens.

Our family enjoys raising Limousin and Lim-Flex cattle. We've had a front-row seat in being a part of this breed's growth and our passion is as strong as ever. We look forward to another 50 years.

YEARLING NWSS BULLS LOTS 1-9

It is with pride we kick off our 2020 sale offering with the bulls we displayed in Denver. Kicking off our 42nd Annual Bull Sale is COLE Genesis 86G. He was a popular member of our 2020 NWSS Grand Champion Limousin Pen of Three Bulls that were also named the People's Choice champion. Genesis brings a lot of good to the table. His impressive birth to yearling weight spread (76 lbs. to 1,394 lbs.) is reflected in his EPDs with a top 30% for birth weight, top 10% for weaning weight and top 15% for yearling weight. He will sire calves that pack on the pounds come weaning time. His dam, COLE Miss Xrated 354A, is the dam of our popular AI sire COLE Cadillac 05C, who is owned with H&T Bies Cattle of South Dakota. We also sold one-half embryo interest in her last fall in our Discovery Sale for \$12,500 to BVC Farms of Ohio. The numbers read right and his pedigree is stacked with predictability. You'll definitely want to circle him in your catalog.

Selling full possession and one-half semen interest as well as semen packages. Will stay off the market for one year.

Gravity has that ever-popular Limousin look breeders desire—length of body, nice square hip and is solid from the ground up. Take note of his massive muscle expression in an eye-appealing package. Numerically, he has several EPD rankings in the single digits—weaning weight, yearling weight and scrotal. Stay grounded with Gravity.

COLE Cable 32G is a 50% Lim-Flex, double homozygous son of MAGS Cable, a popular bull noted for siring style and balance. His dam needs little introduction. COLE Miss Traveler 029X has been a mainstay in our herd and has produced as many great ones as any female we have ever owned. Her daughters make donors and her sons have gone on to be leading AI sires. COLE Cable holds his own with his contemporaries from an actual performance and EPD profile including impressive growth and carcass numbers.

SPRING YEARLING BULLS

LOTS 10-101

This year's set of bulls is both powerful and consistent in terms of phenotype, pedigree, actual performance and EPDs. These herd-sire prospects are by the most current and progressive A.I. sires in the industry, as well as members of our top-notch bull battery, many of which are available via A.I. as well. Possibly more importantly, these bulls are backed by generations of predictability on the dam side of the pedigree as evidenced by the Four Elite Focus Dams and 16 Focus Dams that grace our pastures. With customer satisfaction being our highest priority, you can be certain every step has been taken to assure you, our buyers, these bulls will perform as promised. All of the necessary data has been documented along the way on the bulls who have proven the ability to withstand our rigid culling process. We appreciate the interest shown in our program and our genetics and hope you won't hesitate to contact us should you have any questions on this year's offering.

"We use Lim-Flex® bulls on our British-based cows because it allows us to achieve our goal of producing a high percentage of cattle that grade Choice, have higher yielding carcasses, while maintaining feed efficiency and uniformity."

-Erik Roen, Sierra Valley Ranch California

Roen is a profit-minded cattleman who uses Lim-Flex bulls on his 2,000 head cow herd. Roen markets his calves through Superior Livestock Auction. One set of calves averaged 94% Choice or Prime, had greater than a 65% dressing percentage and returned \$117 per head of profit for the feeder.

Coleman Genetics
Deliver On
The Carcass Level

A dozen Coleman registered Limousin and Lim-Flex heifers sold late last year through Tyson Meats in Pasco, Washington. **Note** that 92% graded Choice with every animal turning in a Yield Grade 1 or 2 carcass. These results are proof positive that Coleman genetics have the proven ability to grow, grade and yield. A profitable combination indeed.

"We have used Limousin for 30-plus years. They run at high elevation on our western slope ranch in Colorado with little or no problems with PAP. They adapt very well to our SW Nebraska operation when taken there. We retain our calves to finish when the market is right and have seen dressing percentages up to 67% with 75-85% Choice carcasses. We like the longevity of the females as they stay in the herd a long time and have excellent udders."
