INSURANCE

Insurance will be available through Grassroots Insurance, 515-229-5227.

TRUCKING

Truckers will be available to assist you in shipping your purchase.

Live Online Video Auctions Hosted at
L365AUCTIONS.COM

Dear Limousin Breeders,

On behalf of our team at Magness Land and Cattle, I would like to cordially invite you to check out our 2020 Fall Female Sales, two unique video only online auctions, Tuesday, October 20th and Thursday, November 12th, to appraise two of our very finest offerings of Limousin and Lim-Flex cattle to date.

If some of you are wondering about how a video-only online auction works, it's very straight forward and is as follows. The sale will only be broadcasted on www.L365Auctions.com where you will hear a live auctioneer and be able to place bids over the internet no different than many sales today. If you are uncomfortable with bidding over the internet, please contact anyone at the ranch direct or any member of our sale team to assist with your purchase. Furthermore, if you'd like to view the cattle prior to the auction, please do. We have an open door policy and would be happy to show you the offering anytime at the ranch near Platteville, Co. If you are unable to come by in person, our trusted sale team is in place to serve as boots on the ground to assist you.

We are excited about the quality of the cattle offered, as the females in these two offerings reflect the cowherd strength that has been responsible for the production of the Grand Champion Carload at the National Western sixteen of the past seventeen years. That said, the sale offering comes from the heart of our program and will feature two sets of exceptionally popular pedigreed bred heifers and B-models and a quality set of 4- and 5-year-old cows, which includes potential embryo donor dams and spring calving cows in their prime.

In regard to our program at Magness Land and Cattle, since 1985 we have made a lifetime family commitment to the Limousin breed. It is with an unwavering resolve we continue to strive into the future to produce the very best Limousin and Lim-Flex genetics. To this end, the cattle in this offering have complete performance data, including ultrasound measurements and all EPDs published by the North American Limousin Foundation. Our focus continues to be on the production of attractive, sound structured cattle with a strong genetic profile that fit the needs of our highly valued customers and today's current beef industry.

If you have any questions about the sale offering, please don't hesitate to call John Pence (970) 396-3584, Austin Gottschalk (970) 396-0115 or Kiley McKinna (402) 350-3447.

Sincerely yours,
Gary Magness

FALL FEMALE SALES

**THE
BRED HEIFER
& B MODEL
sale edition**

TUESDAY • 7PM CST
OCTOBER 20, 2020

LIVE ONLINE VIDEO AUCTIONS HOSTED AT
L365AUCTIONS.COM

This segment of the sale is a direct reflection of our commitment to raising production cattle. Our production philosophy is simply - we aim to create a product that's reproductively sound, high performance and mainstream acceptable. It's our goal that this group of 10 bred heifers and 24 spring bred cows on offer, which features a blend of both Limousin, Lim-Flex and Angus genetics, will translate not only into your seedstock program seamlessly, but the results of their breeding will also meet your commercial customers' targets.

This female will confidently pass major performance on to her offspring for weaning weight, yearling weight and marbling. MAGS Gobinet 274G is a chart topper for three performance-oriented traits. Her weaning weight figure of 94, yearling weight figure of 157 and marbling figure of -0.07 all rank in the very one percent of the breed! This double homozygous female is a daughter of CELL Envision 7023E, an AHCC Barn Burner B907 son. Her dam, MAGS Azure Pink is a daughter of TW Fire N' Ice. She is female that will be worth so much now and even in the future.

This double homozygous female has all of the maternal characteristics to have a gigantic influence as a future donor female in any program. MAGS Gemma is a 50% Lim-Flex daughter of MAGS Cable. Her dam, MAGS Airheads is an LH Rodemaster 338R daughter. This female is big bodied, super upheaded and extended out of the top side of her shoulder and she's got an explosive amount of natural rib shape. Her marbling figure of 0.24 ranks in the top 15% of the breed and her milk figure of 27 ranks in the top 15%. Her yearling weight and weaning weight figures both rank in the top 20%. Not only does this female have the phenotype to rise to the top of any occasion, she's a number profile freak! Don't miss this rare opportunity on sale day.

This powerhouse of a female will have a big time reputation for producing offspring that are high performance, sound made and well-designed individuals. MAGS Gainful 352G has a killer profile, a powerful hip and massive center body depth and capacity. She is so well made, level in her spine and incredibly graceful when she's on the move. This female is a daughter of JMFA Rodemaster 294Z, an LH Rodemaster 338R son. Her dam, MAGS Bonnie-Bell is a daughter of MAGS Y-Axis. Her yearling weight and yearling weight EPDs both rank in the top 15% of the breed. She is a 56% Lim-Flex female that is homozygous black.

MAGS Giselle 350G is a daughter of MAGS Black Salvia, the TMCK Alfalfa 35X son. Her dam, MAGS Cautious is a MAGS Yip daughter. This female's number profile is something you need to study. Her milk figure of 27 ranks in the top 15% of the breed and her weaning weight and yearling weight figures both rank in the top 25% of the breed. This 65% Lim-Flex female is super stout made, bold featured and incredibly sound from the ground up. She stands on a huge foot and powerful back leg and she's packed full of doability. She's got the look, the major cow power and the functionality to hang with the best of the best! She is homozygous black.

Now this is a powerful individual from a muscle expression and body mass vantage point. MAGS Bahama Mama will certainly spice up a program in terms of sheer cow power and natural thickness. She is a granddaughter of OCC Emblazon 854E. Her dam, AUTO Carminda 656S is a JCL Lodestar 27L daughter. She ranks in the top 10% of the breed for her birthweight figure. She's loaded with body depth and massive dimension from all angles. She is double homozygous and 50% Lim-Flex. This female comes from great genetics and will continue as a tremendous addition to any progressive herd!

MAGS Becca is a performance giant! Her weaning weight ranks in the top 2% of the breed and her yearling weight ranks in the top 3% of the breed. Not only does she have impressive growth numbers, she's more than impressive in person. She's broody, deep middled and ever powerful from all angles. This is an ideal female in terms of design, build and functionality. MAGS Becca is a MAGS Winston daughter. Her dam, MAGS Even is an LH Rodemaster 338R daughter. This female is homozygous polled and heterozygous black and 50% Lim-Flex. We're confident she'll be a whale of a producer and become a cornerstone female in any setting.

This is a picturesque female if we've ever seen one! MAGS Bathsheba is a can't miss female that's loaded with power, body shape and huge rib shape. She is a daughter of MAGS Yip and out of a Bon View New Design 1407 daughter. This is a next level type of female that has so much producing ability ahead of her and we're confident she has the ability to anchor any donor program. She is an easy doing type of female that has a tremendous amount of grow and natural thickness to hang with the best of them. Her marbling figure ranks in the top 15% of the breed with a figure of 0.26. She is double homozygous and 50% Lim-Flex.

This is the definition of major cow power right here, folks! MAGS Constance ET is a truly impressive individual. She is a direct daughter of EXAR Denver 2002B and out of a great DHVO Deuce 132R female, MAGS Win Place Or Show. This female's yearling weight figure ranks in the top 10% of the breed and her weaning weight figure ranks in the top 15% of the breed. She's sound structured, ultra deep bodied, full of muscle expression and natural body shape. This is a do-it-all type of female and one that you'll appreciate even more as soon as she goes into production in your pastures. She is homozygous black and heterozygous polled and 50% Lim-Flex.

MAGS Connie Francis is a tank of a female! She is a daughter of MAGS Zappo, the MAGS Xyloid son. Her dam, MAGS Technicolor is an AUTO Dollar General 122R daughter. When you study this one's number profile, you'll understand how performance oriented she is. Her weaning weight and yearling weight figures both rank in the top 15% of the breed. This female has an abundance of capacity, body shape and natural thickness. She's upheaded, super level in her spine and she's about as deep as they come on the side profile! This one has plenty of upside potential, and we're confident in her ability to be a cornerstone female in your program. She is homozygous black and heterozygous polled and 56% Lim-Flex.

MAGS Dejani ET is quite a powerful female that we can't say enough about. She is a daughter of MAGS Winston and her dam, MAGS Thelma is an AUTO Dollar General 122R female. Her number profile is one of the most valuable parts of this female. Her marbling figure of 0.37 ranks in the top 5% of the breed, her milk figure of 30 ranks in the top 10% of the breed and her yearling weight figure of 107 ranks in the top 15% of the breed. She's straight in her lines, deep in her forerib and super impressive from every angle. When this one is on the move, she's as flexible as any and she tracks with such amazing confidence. She is double homozygous and 50% Lim-Flex.

Now this is a powerful brood cow if we've ever seen one! MAGS Davonna is a daughter of MAGS Eagle, the MAGS Winston son. This female's dam goes back to GAR Predestined on the top side of her pedigree. From a numbers standpoint she is quite impressive. Her marbling figure of 0.36 ranks in the top 10% of the breed as well as her yearling weight figure of 112 ranks in the top 10%. Visually this female is down right impressive from any angle. This female is loaded with massive body shape, depth of rib and body capacity. Female's with this amount of sheer cow power don't always look this fancy and attractive, but this one sure gets the job done in all categories. She is a double homozygous 50% Lim-Flex female.

MAGS Cora is a beautifully designed, big bodied female with loads of cow power. She is a daughter of the legendary MAGS Winston. Her dam MAGS Wingi, is a HUNT Cornhusker 225N female. You'll want to study this one's EPD profile. Her weaning weight EPD ranks in the top 15% of the breed. Her yearling weight, milk and marbling figures all rank in the top 20%. Phenotypically, this female is long and extended through her front end and incredibly feminine in her design. We admire her big hip, huge foot and substance of bone. She's stout in her features, but still hits you with a tremendous amount of doability, femininity and maternal power. MAGS Cora is a 62% Lim-Flex, double homozygous female that you'll want to have on your short list!

It's not difficult for MAGS Checkered Veil to find her way to the top of any group she's a part of. She is a MAGS Zodiac daughter and out of an LH Rodemaster 338R female, MAGS You Have A Veil. She's a curve bender in terms of her number profile, but she'll also inject a top-notch visual design to her future offspring. This female ranks in the top 10% of the breed for her weaning weight and yearling weight figures. She's deep sided, extremely level down her strong topline and she's super feminine through her front one third. She is a 50% Lim-Flex female that is homozygous black and heterozygous polled.

MAGS Everst 528E. Approx. due 02/16/21.

If we could paint a picture in our minds of what we hope every female could look like - MAGS Dindo immediately fits the bill. This MAGS Y-Axis female is out of MAGS Bahama Mama, a freak of a cow that goes back to OCC Emblazon 854E on the top side of her pedigree. She's incredibly deep sided, great in her lines and striking on the profile. She ranks in the top 10% of the breed for birthweight figure of -1.4. This one represents our program here at Magness with her beautiful design and tremendous amount of cow power. She is double homozygous and 50% Lim-Flex.

We love the outline of this female. MAGS Chasity ET is soft made, loose in her structure and has a more than impressive number profile. She stands on a huge foot and is equally as impressive when she gets out and goes as she is on the profile. This female is a MAGS Xukalani daughter and out of a DHVO Deuce 132R female, MAGS Xuzette. Numbers wise, this female's weaning weight figure of 74 and yearling weight figure of 118 both rank in the top 5% of the breed. She's a 50% Lim-Flex female that is homozygous polled and heterozygous black.

If you're the type of cattleman that likes your females with loads of volume and cow power, this is your female! MAGS Dewdrop ET is fault free in her makeup and so beautiful in her lines. She is a daughter of SAV Hesston 2217, the SAV Harvestor 0338 son. Her dam is AUTO Carminda 656S, a JCL Lodestar 27L daughter. From a numbers standpoint, this female's weaning weight and marbling figures both rank in the top 25% of the breed. This is another picturesque female of what we aim to create in females around here. When you study this one's number profile, her unique blend of elite genetics and her beautiful phenotype, you won't be able to resist taking her home. She is a double homozygous, 50% Lim-Flex female.

MAGS Chloe ET is sound in her structure, neat in her build and level in her topline. She is moderate in her build, but so functional in her design. This female is just what you'd expect from an OCC Emblazon 854E granddaughter. Her dam, WLR Elixer is a MAGSWL Usual Suspect 538U daughter. The genetics run so deep in this one's lineage. This female's birthweight figure ranks in the top 20% of the breed. She's sound, great in her neck and shoulder junction and tremendously flexible on the move. She is homozygous polled and 50% Lim-Flex.
