Bred to WULFS Genius 5293G. Af'd 05.14.2022; preg checked safe.
Selling full interest and full possession. Seller reserves the right to a flush a minimum of eight embryos at buyer's convenience and seller's expense.

Absolute highlight of this offering! It is with high anticipation when one of the leading beef operations in America offers a female from the forefront of their breeding program. This female is ultra-complete and it's a total understatement when we say she's wicked good. WULFS Jacey Rae 1168J is flawless in her lines, bold through her center body, soft structured and incredibly correct in her angles. This gal is sheer cow power to the max—she's loaded with overall dimension, and maternal presence. On the move, she handles herself elegantly with a huge, confident stride and maximum skeletal flexibility. Aside from her phenotypical advantages numerically WULFS Jacey Rae 1168J has breed-leading GE EPDS highlighted by ranking in the top 15% birthweight, top 10% weaning weight, top 5% yearling weight, top 30% milk, top 10% total maternal, top 4% stayability, top 4% marbling and top 3% mainstream terminal index. Daughter of WULFS Future 5201F, this sire has been heavily used within the Wulf herd do to his ability to transmit many industry-relevant traits, such as growth, carcass merit and feed efficiency. To further exemplify the maternal greatness bred into this female, Future's dam WULFS Carrieann 5201C is a leading donor in their embryo transfer program. Jacey Rae's dam is a favored member of their Angus division, WULFS Pride 6919D is a beautifully patterned SITZ Investment 660Z daughter. This genetic combination will have such a strong influence on this exciting young female's future as an elite donor prospect. Here is a 38% Lim-Flex that deserves some serious attention.

3/4 SIB TO LOT 2A:
Ratliff Howaboutit 008H

- Pregnancy -

CHOICE OF LIM-FLEX PREGNANCY WITH RECIP

Ratliff Google 911G had had an extremely successful show career highlighted by being selected champion female at the extremely competitive 2021 inaugural Cattlemen's Congress. The Charmed Style mating dominated the the Cattlemen's Congress, along with every other major American show in the past year! Collectively there are to many banners won to report on a single page from these full siblings. Ratliff Google 911G ET is a direct dissident from the limousin show female matriarch Charmed 50C needs no introduction- she is the "Larissa" Ratliff show heifer that will go down in history as one of the greatest show females of all time. Not only did she make her mark during her sto-

ried show career, she is now generating progeny that command top dollar and completely dominate any arena they walk into. ELCX Kings Landing 599 D progeny have impressed some of the most reputable cattlemen in the industry for their eye-catching profile and athletic abilities when set into motion, this ultimate combination makes Kings Landing calves extremely competitive. FWLY Can Do is the sire of Ratliff Howaboutit 008H, the 2021 NALIE Supreme Champion Junior Female. This Can Do pregnancy is a 3/4 sibling to this exceptional female.

WLR Prada is a full sib to the dam, AUTO Gitty 269G, Take a look at this opportunity! Well-balanced is the term that best describes AUTO Gitty 269G. She is ultra-feminine, level-topped, bold-sprung and fundamentally correct. Sired by MAGSWL Usual Suspect 538U and out of the famous AUTO Rebeca 292S, this pedigree makes her a full sibling the one and only WLR Prada female. WLR Prada is one of the most consistent producers of champions within the breed that go on to make world-class sires and donor females. The top side of this mating is the Grand Champion Limousin bull from the 2022 Cattleman's Congress, Ratliff Jump Start 340J is a full sibling to Ratliff Howaboutit 008H, the 2021 NALIE Supreme Champion Jr. Female. This individual has everything stacked in its favor to be a showstopper!

Now is your chance to get your hands on full siblings to ELCX Kings Landing 599D, one of the most influential sires the breed has seen. Three IVF embryos to the MAGS Xyloid x KLS SULL Gucci 205G mating. MAGS Xyloid is the DHVO Deuce 132R son that creates the right kind of cattle across the board. KLS SULL Gucci 205G is a daughter of the one and only MAGSWL Usual Suspect 538U and out of the legendary AUTO Rebeca 292S donor. She is a full sister in blood to the highly influential WLR Prada female. These embryos will be 81% Limousin, double black and double polled. An opportunity of this caliber doesn't happen very often, so now is your time to capitalize and further your program!

Talk about a phenomenal genetic opportunity if we've ever seen one! Three IVF heifer embryos to the exciting TASF Crown Royal 960C x WLR Prada mating. Neither of these individuals need any sort of introduction because of the endless pages of history they've both already recorded in the breed's history. TASF Crown Royal 960C is the purebred AI sire who has generated progeny that continually dominate in show rings across the country. He is sired by the great DHVO Deuce 132R and out of the EXLR Nasdaq 380R donor female, TASF Whiskey Lullaby 357W. The legendary dam in this mating is the now deceased WLR Prada female. She is the daughter of MAGSWL Usual Suspect 538U and out of the breed matriarch AUTO Rebeca 292S. WLR Prada has made a namesake for herself as one of the most consistent producers of winning offspring within the breed. These three IVF heifer embryos will be 93.5% Limousin, homozygous polled and double black. Embryos of this caliber don't hit the open market very often and we're confident they'll put any type of program on the map!

Few females reach the status of AUTO Peyton 206Y, she is a daughter of DHVO Trey 133R and out of the legendary Carrousel's Pina Colada female. This donor has been responsible for producing many champions, she transmits progeny that are correct in their angles and sound from the ground up, paired with an eye-catching look. She is best known for being the dam to TASF Envy 161E, this female took home many champion banners and supreme titles during her storied showing career, where she was successfully campaigned by the Paulson family across the nation. Another notable daughter is TASF Hidden Treasure 401H recently sold at the 2021 Night on the Town Sale for \$23,000. The paternal influence in this mating is the popular Angus AI sire SCC SCH 24 Karat 838 who has been siring champions across the country.

A big time opportunity to raise some national level champions. This donor is ultra-feminine, level-topped, bold-sprung and fundamentally-correct. She is sired by MAGSWL Usual Suspect 538U out of the famous AUTO Rebeca 292S. This pedigree makes her a full sibling to the one and only WLR Prada female. WLR Prada is one of the most consistent producers of champions within the breed that go on to make world-class sires and donor females. The paternal influence in this mating is the popular Angus AI sire Gateway Follow Me F163 who has been siring champions across the country.

TASF Wrigley 321G had a successful show career and has now made her way to the donor pen. She is a daughter of the heavily used AI sire, TASF Crown Royal 960C. This female deserves some serious attention. She reads structurally correct off both ends of her skeleton, is level-hipped, deep-bodied and ultra-feminine. We think the world of this female and can't wait to see what she will produce. Silveiras Style 9303 has produced too many champions across multiple breeds to count, semen from this legend is in extremely short supply and very valuable.

What an exciting way to kick off this sale! Three IVF heifer embryos to the highly anticipated mating of COLE Genesis 86G and Riverstone Lucky Charm 50F. These heifer embryos will be 91% purebred Limousin, homozygous polled and double black. The sire of these embryos is the numbers giant everyone's been raving about! COLE Genesis 86G was the high-selling bull in the Coleman Limousin Ranch 2020 Sale and the lead bull in their 2020 Grand Champion Pen of Bulls. He is a purebred son of HUNT Credentials 37C and out of COLE Miss Xrated 354A. He ranks in the top percentile for his marbling figure, in the second percentile for his milk figure, in the fifth percentile for his weaning weight figure and in the 10th percentile for his yearling weight figure. The dam in this mating is the impressive Riverstone Lucky Charm 50F donor female, a full sister in blood to the one and only Riverstone Charmed 50C. 50C is the "One" female that has numerous pages in the Limousin history books and is known as the infamous Ratliff show heifer, "Larissa." The sister duo is sired by TMCK Durham Wheat 6030X and out of the HSF Your Fantasy donor. These IVF heifer embryos will be high on the list of many when sale day rolls around.

Big time mating here, pairing this two breed leading individuals together is something to get excited about! The result will be something to talk about, not only in the flesh, but also on paper. TMCK Gazpacho 743G is feminine, level topped, bold sprung and fundamentally correct. She is sired by the popular MAGS Cable who consistently transmits eye catching phenotypes that don't sacrifice real world values. Her dam is the MAGS Bethany donor, a EXAR Upshot 0562B daughter out of AUTO Carminda 6562. COLE Genesis was the top-selling lot in the Coleman Limousin Ranch 42nd Annual Bull Sale where he was appraised for a staggering \$80,000 valuation and was a member of the 2020 National Western Stock Show Grand Champion Limousin Pen of Three Bulls. He is the homozygous polled, purebred son of HUNT Credentials 37C out of COLE Miss X-Rated 354A. All we can say is you better be prepared to have your hand in the air or have one of our sale consultants on speed dial!

Three conventional embryos to the Ratliff Jump Start 340J x AUTO Poem 273Y mating. Ratliff Jump Start 340J is an impact sire out of FWLY Can Do and from the influential Riverstone Charmed donor female. FWLY Can Do is the RLBH Air Force One son from a great female, CLLL Crystal 334W. The breed has tremendous momentum and attention due in large part from Jump Start's legendary dam "Riverstone Charmed," who won Supreme Female at the 2016 North American International Livestock Exposition. Jump Start's full sister won Supreme Junior Female in 2021 for Sara Sullivan. They are the only mother/daughter duo to win the Supreme Junior female title at the North American International Livestock Exposition in Louisville. Ratliff Jumpstart 340J was selected Grand Champion Limousin bull at the 2022 Cattleman's Congress. The dam in this mating, AUTO Poem 273Y needs no introduction. She is the daughter of SAV Bismarck 5682 and the legendary MAGS Phantoms Prize donor. These conventional embryos will be 67% Lim-Flex, double polled and double black.

SIRE OF LOT 17A: FWLY LHC Capital ET

- Choice Embryo Lot -

Attention Cattlemen. Here is the chance to procure big-time genetics! Aside from her phenotypic advantages, MAGS Eternal Flame 580E numerically ranks in the top 2% for weaning weight, 3% for yearling weight, top 10% for marbling and top 3% for mainstream terminal index. The only hard decision should be witch sire to chose. FWLY LHC Capital ET combines visual esthetics and genetic greatness. Admire his flawless structural conformation and eye appealing phenotype. He is sired by the legendary MAGS Cable who has made a habit of producing progeny that are attractive and carry real-world production value. His donor dam, CLLL Crystal 334W is a beautiful made WLR Direct Hit daughter that is most notarized for being the dam of FWLY Can Do. MAGS Xyloid needs no introduction to the breed, he is the sire of many notable progeny such as ELCX Kings Landing 599D who has a large presence in this sale offering. These progeny are sure to be phenotypical elite, with well-balanced EPDs. Bid with confidence on genetics that have been repeatedly proven.

What a standout Lim-Flex mating right here! ATAK Honey is a female that will demand your undivided attention. She is a 40% Lim-Flex daughter of SSTO Best Bet 456B, the proven son of SAV Harvester 0338 and ELCX Twilight 114X. SSTO Best Bet 456B is one of the most exciting young herd sires to come out of the distinguished Stowers Limousin program. He was the most talked-about bull at the 2016 National Western Stock Show. Her dam is the beautiful AUTO Chaperall 406C ET, a daughter of SAV Brand Name 9115 and the great AUTO Rebeca 292S donor. FWLY LHC Capital ET is a sire we think a lot of. We seen this impressive individual and we knew we needed to own this young herd sire. He is sired by the legendary MAGS Cable who has made a habit of producing progeny that are attractive and carry real world production value. His donor dam, CLLL Crystal 334W is a beautiful made WLR Direct Hit daughter that is most notarized for being the dam of FWLY Can Do. Folks, the power and quality runs deep in there combined lineage.

Take a look at this opportunity! Well balanced is the term that best describes JBFI Estee 273G. She is ultra-feminine, level-topped, bold-sprung and fundamentally-correct. Sired by MAGSWL Usual Suspect 538U and out of the famous AUTO Rebeca 292S, this pedigree makes her a full sibling the one and only WLR Prada female. WLR Prada is one of the most consistent producers of champions within the breed that go on to make world-class sires and donor females. MAYC Gold Buckle 624G was crowned Champion Bull at the 2020 North American International Livestock Exposition and Reserve Champion Bull at the 2020 American Royal. Admire him for his eye catching rib dimension, bone and structural correctness. This phenotype comes from his winning lineage sired by MRRCL Legal 441E, a son of Colburn Primo 5153 out of the one and only Riverstone Charmed 50C.

LOT 31E - Selling 20 Unit of Voss Pave the Way 1149 semen for \$1,000.

Featured in this year's '22 Sale of Sales will be semen packages on one of the top Angus sires to sell this last spring in the Angus breed. He was a top selling bull and a top selection from the '22 Voss Angus Sale this Spring. He is Voss Pave the Way 1149, a son of SAV Rainfall, one of the top sons of Coleman Charlo 0256 and from a proven daughter of SAV 8180 Traveler 004. His dam is Janssen Madame Pride 4502, a daughter of SAV Pioneer 7301 from a daughter of SAV 004 Destiny 4336.

There are so many things that make this purebred Angus bull so special. The most important being his excellent structural soundness. He is massive in his foot size and very soft in his pasterns. This beef bull is so solid from the ground. His structural integrity is his appealing trait, but just as importantly, he is admired by the many that have seen him for his combination of thickness and how it blends into his massive rib cage and depth of flank. His EPD profile listed in the NALF system is off the charts and are some of the finest you could ever ask for.

He ranks in the top 1% for \$MTI, top 2% for YW, MK, TM, CW and MB. He also ranks the top 10% for WW. Invest in this semen with confidence if you want to continue to develop your purebred Angus program or create some of the best Lim-Flex.

**RIGHT TO FLUSH
DESIGNER IVF MATING**

Selling a minimum of six embryos with a maximum of 10 embryos. Buyer pays flush expenses and seller furnishes semen.

Another truly incredible genetic offering consigned by Lawrance Family Limousin! Take a look at this unique designer mating opportunity that will result in an exciting higher percentage Limousin progeny that will be ultra competitive in the purebred division. LFL Fiesta 8126F was the 2019 Reserve Champion Bred & Owned female at the 2019 NJLSC, Champion Bred & Owned Female at the 2020 NJLSC and Champion Junior Female 2020 NWSS. She is a daughter of LFL Deluxe Edition 6029D, this sire has done and continues to do great things for our program by transmitting eye appeal that fits into the modern showing without sacrificing real-world values. This females dam, LFL Dandy 6095, is a daughter of WULFS Xclusive 2458X. Weather you are looking to produce your next champion, breeding piece or a combination of the two we feel this all-star line up of the freshest high-percentage sires the breed has to offer paired with this exceptional female will have you pointed in the right direction.

**RIGHT TO FLUSH
DESIGNER LIM-FLEX IVF MATING**

Selling a minimum of six embryos with a maximum of 10 embryos. Buyer pays flush expenses and seller furnishes semen.

If the potential of these matings don't get your blood pumping- then not much will! Lawrence Family Limousin of Anton, Tx have consigned a designer mating that is the pinnacle of what this wonderful breed has to offer. LFL Eleanor 7103E is the textbook definition of a donor female, with a look that will steal your attention from across the pasture, a set of GE EPDs that will point your breeding program into the future and a notable pedigree that explains it all! This females first natural calf was LFL Gavin 9137 G, the 2021 After 5 Champion bull, who was purchased by Brooks Cattle Company. The 2022 Cattleman's Congress Champion Lim-Flex Pen had two sons of this female. These two bulls were both high sellers in the CHR Bull Sale selling to Mark Setje Cattle Company in partnership with Henderson Cattle Company and the other sold to Sennett Cattle Company. She is a daughter of the popular MAGS Zodiac. The bottom side of her pedigree is the well known AUTO Bliss 265Y, a daughter of LH U Haul 135U out of the famous WLR Ugly Betty 432U. Numerically LFL Eleanor 7103E ranks in the top 1% for weaning weight with a figure of 91 and also ranks in the top 1% for yearling weight with a figure of 152! To say she is a breed leader for growth would be an absolute understatement. We feel these three A.I. sires will complement her nicely. Bid with confidence. .

- Right to Flush - IVF FLUSH

Selling a minimum of six embryos with a maximum of 10. Buyer pays flush expenses. B-Bar Georgina 17H is the very first Lim-Flex female ever offered for sale from B-Bar's progressive cow herd in Lucky Lake, Saskatchewan. We feel she has tremendous quality both in the flesh and on paper. She is appreciated for her length of body, depth of rib, attractive front end and strong udder development. Her dam comes from the well known Belvin Angus operation. This female is a very maternal, big-bodied female with strong udder quality and tons of milk. When we saw this impressive female we knew she needed to make the trip south as you just don't find intriguing pedigrees like this very often. No matter the paternal influence, the result will be of excellent quality and highly marketable.

Selling a minimum of six embryos with a maximum of 10. Buyer pays flush expenses. We believe this red purebred female that we procured from Canada is truly special. She is sired by the popular purebred AI sire LFLC Bank Account 701B. Her powerful dam is the daughter of the widely popular Cottage Lake Border Agent. Boss Lake Ms Molly 814F had an extremely successful Canadian show ring career for Boss Lake Genetics. She was undefeated in the Limousin division and claimed multiple supreme victories. We think highly of this young donor and feel the potential mating possibilities are endless. Boss Lake Ms Molly 068H was campaigned by the Hennessy family of North Dakota, and attracted the attention of many when she competed in the National Junior Show this summer. Here is a unique genetic opportunity to either IVF cycle or conventionally flush Boss Lake Ms Molly 068H to the bull of the buyer's choice. Bid with confidence.

- Right to Flush - IVF FLUSH

Selling a minimum of six embryos with a maximum of 10. Buyer pays flush expenses. Few females in the Limousin breed have achieved the status of 5110C she's earned her reputation the old fashioned way; "proof through progeny". This donor comes from the heart of the elite Coleman Limousin program, an operation rooted in exceptional cow families. COLE Miss Zone 5110C, was recently valued at \$60,000, this is the type of female that you can't go wrong incorporating into your breeding program. She is a daughter of the popular COLE Miss Windfall 257Z donor. We feel that when mated to the sire of your choosing the result will be off the charts. Have confidence the resulting progeny will be big numbered, phenotypically correct and on the cutting-edge of genetic advancement.

Don't pass the chance to be the first to flush this exceptional young female. We know this one has a bright production career ahead of her, flawless in her design with a pedigree behind her that has proven to be a success multiple times over. Her dam, ELCX Elevate 684E is a daughter of the breed legend, EF Xcessive Force out of DFCL HBHPC 1S, a daughter of JCL Lodestar 27L and the great DFCL HBHPC 25L donor. ELCX Kings Landing 599D needs no introduction, his progeny have impressed some of the most reputable cattlemen in the industry for there eye catching profile and athletic abilities when set into motion, this ultimate combination makes Kings Landing calves extremely competitive. He is the son of MAGS Xyloid and the one and only WLR Prada donor. A \$20,000 syndicated full sib bull to these embryos is ELCX High Time 065H, who was the 2022 National Western Stock Show Grand Champion Limousin Bull. A full sibling to this donor is ELCX Harmony 062H, who sold for \$30,000 to Linhart Limousin.
