Lucky Strike is homo polled, big topped, long sided & has the muscle shape to top feeder calves at market, he did 4.52 ADG in first 77 days after weaning. He will be most valuable in his replacement females. He walks around flawlessly on a big foot with a ton of bone & flexibility for longevity in your cow herd. We have only sold 1 female out of CWCL Yvonne cow. Her sons come to the IBE & get the honor to start the sale. I don't have a crystal ball to tell the future but if you are into performance & want the look, make sure to hold up your bidder # when the hammer drops on Lot 6.

With a 79lb BW, and nearly 700 lb WW, this bull would make an excellent candidate for cows and heifers. He is deep bodied, strong topped and expresses the muscle cattlemen look for. He is one of the first Jacked sons to sell, and goes back to a strong cow family that has made a very big impact on our herd. He has a proven pedigree and the looks to go with it, so rest easy this calving season with the Last Man Standing. Video at www.boyerfamilyfarms.com.
